The screenshot shows a web browser window with the address bar displaying "localhost:8080/KisanMitra/signup.jsp". The page has a brown background. A white form is centered on the page with the following sections:

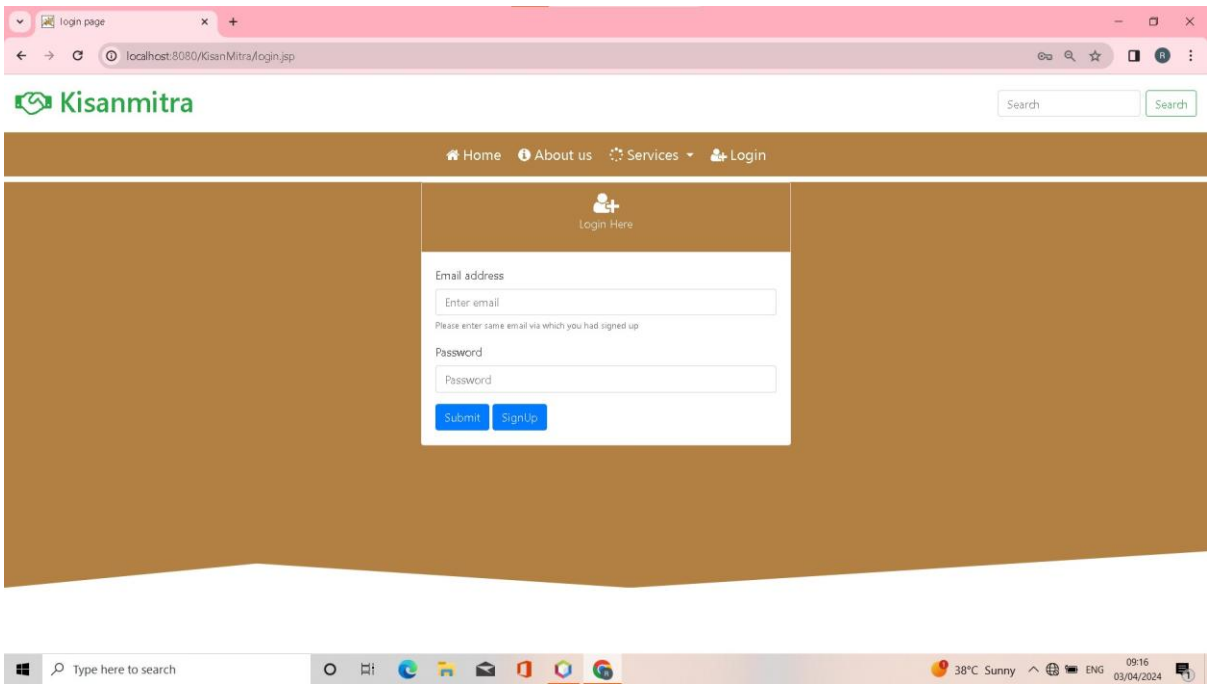

- Date of Birth:** A text input field containing "01/01/1960". Below it, a small text says "We'll never share your details with anyone else."
- Address:** A text input field containing "Gujarat". Below it, a small text says "We'll never share your details with anyone else."
- About yourself:** A text input field containing "Pm of India". Below it, a small text says "We'll never share your details with anyone else."
- Set a Password:** A text input field containing "*****". Below it, a small text says "create a secure and robust password."
- Check me out:** A checkbox that is checked.
- submit:** A blue button with the text "submit". A black arrow points to this button.

The Windows taskbar is visible at the bottom, showing the search bar, task view, and several application icons. The system tray shows the date and time as "09:15 03/04/2024".

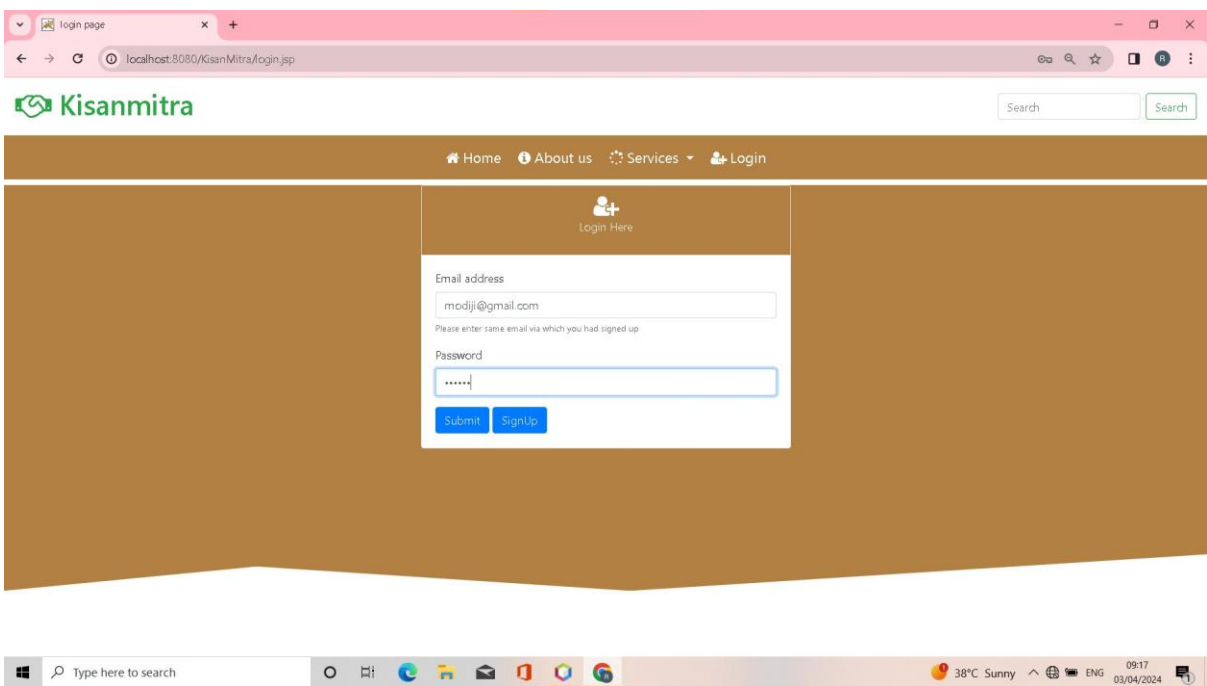

On Submit -

The screenshot shows the same web browser window as before, but now a modal dialog box is displayed in the center of the form. The dialog box has a white background and contains the text "registered successfully...." and a blue "Ok" button. The form fields and the "submit" button are still visible in the background, but they are slightly dimmed. The Windows taskbar and system tray are also visible at the bottom.
